

How College Ready are Your Students?

Data 670 - Section 2

Aug. 24th 8:30-11:45 CACC

Are you wondering what to do with the ACT Explore and PLAN CDs that are in your office? If so, join us for a training that will feature how to import PLAN and Explore data into DataDirector as well as data mining strategies specific to Explore and PLAN. Finally, discover how to create custom reports that will identify students who are at-risk of not being career and college ready. This is a must for secondary leaders hoping to set goals around career and college readiness!

Questions about trainings?

Contact Mitch Fowler, School Data Consultant,
for more information.

Attendees are highly encouraged to bring their district technical or curricular Key Contact to trainings when possible.

New—Virtual Flipped Trainings!

Want to try a new twist on PD? Try flipped trainings!

When you sign up for a flipped training you will receive a link to an online video containing the content we would have covered if we had met face to face. On the dates listed below in parenthesis we will come together in an online meeting room in order to discuss questions and dig deeper into the content. Flipped PD means less “sitting and getting” and more action. This is a great opportunity to complete professional development online and at your own pace.

Location: Online

Time: 3:30—4:30

- DD for Teachers (9/17)
- Data 5610 - Section 2
- DD for Administrators (9/20)
- Data 5600 - Section 2
- DD Online Testing (10/1)
- Data 664 - Section 3
- DD in Non-Core Areas (10/4)
- Data 5612 - Section 2
- Organizing DD for Conferencing (10/11)
- Data 5611- Section 2

Specific course titles are listed next to each description.

DataDirector for Administrators

Data 5600 - Section 1

Aug. 16th 8:30-11:45 CACC

This session will uncover DataDirector as it pertains to today's school administrator. Participants will learn why DataDirector can be a tool to efficiently collect and analyze student data. In addition, administrators will explore the navigation and structure of DataDirector as well as how to use MEAP, MME, DIBELS, and MI-ACCESS pre-built reports.

Organizing DataDirector for Data Collection and Conferencing

Data 5611 - Section 1

Aug. 17th 8:30-11:45 CACC

Wondering how you can maximize DataDirector to get the most out of a data conference and demonstrating student growth? This workshop is designed to prepare teachers to confidently enter a data conference with easy to decipher student data in a format all stakeholders can discuss. In addition, teachers will receive tons of resources on how to efficiently produce reports and graphs to share with administrators and colleagues. Building administrators are welcome to accompany their staff members.

Looking to get a “data conference prep” course for your staff? Contact Mitch today about staff-specific trainings. This is excellent for new teachers, departments, or staff meetings!

DataDirector for Teachers

Data 5610 - Section 1

Aug. 23rd 8:30-11:45 CACC

This session focus on the basics of DataDirector. Participants will learn why DataDirector can be a tool to efficiently collect and analyze student data. In addition, teachers will explore the navigation and structure of DataDirector as well as how to use MEAP, MME, DIBELS, and MI-ACCESS pre-built reports.

DataDirector in the Non-Core Subjects

Data 5612 - Section 1

Aug. 22nd 8:30-11:45 CACC

Wondering how a non-core teacher uses DataDirector? Over the past year, several districts have successfully implemented assessments with visual and performing arts, physical education, industrial arts, and family and consumer sciences. Join us as we discuss ways DataDirector can work to show student growth in your content area. Leave with tons of examples you can use tomorrow!

Looking for SBCEUs?

Courses are now eligible for SBCEUs.
.3 SBCEUs per course are available and will cost \$15.

DataDirector and Elementary Literacy

Data 5613 - Section 1

Aug. 13th 8:30-11:45 CACC

Join us as we share various ways to collect elementary literacy data in DataDirector. Examples will include MLPP Assessments, Fountas and Pinnell, DRA, Writing, and much more. All examples come complete with colorful charts and graphs in order to easily progress monitor and show student growth.

Hit the Ground Running with Data!

Data 5614 - Section 1

Aug. 21st 8:30-11:45 CACC

Take advantage of the prior year's data in this course specifically designed to allow teachers to hit the ground running in the fall. Participants will learn how to access and organize prior year's data in order to create a clear academic picture of incoming students. Teachers can use this data to group, adjust pacing, as well as create growth goals for students. Not sure how to access the data? Participants will also leave with specific instructions to provide to colleagues in order to have the data shared with you. Feel confident you are using your building's data to its fullest!
